to the Department, and requests that a grant of Rs 10,000/- be sanctioned out of the "General Revenues" for the work.

12 The I. G. of Police states that the recent reductions in the annual budget grant of the Police Department has rendered it impossible for that Dept. to meet emergent calls. He says that the only source from which the present expenditure can be met is therefore from the savings which accrued from the above reductions. He also suggests that a sum of Rs 10,000/- may be allotted out of Rs 30,000/- which were realised by the sale of the old Central Police Station building.

Subs. for orders. The I.G's proposal is opposed to the Budget rules. The work has to be over for another year or an addl grant has to be sanctioned.

Sir,

In continuation of my letter No: 661/67 dated 25th ultimo, I have the honor to forward herewith for ready reference copies of the marginally noted correspondence relating to the Central Police Station, Bangalore City.

1. Letter No: 4266/456 dated 28th January 1905 to the Secretary to the Government of Mysor

6. Government Proceedings No: 2331-34/Police 100-4 dated 28th February 1906.

From these it will be seen that the sale of the old building, which ~~existed~~ was situated in a very crowded part of the City in "Chickpetta" and the construction of a new and sanitary Central Station in the Fort, in a more central locality as regards the City extensions, was sanctioned by Government after due consideration of all the "pros and cons", and that the Chief Engineer has received distinct orders to provide for the cost of the work in the P.W. B. K. Venkatavaradaiengar Esquire,

Sir,

Reference:-

Correspondence ending with Government Proceedings No: J 483-4/Police (113 of 03-04)-4 dated 20th August 1904 regarding accommodation for the Office of the Superintendent of Police Bangalore District.

I have the honor to state that the old Taluk Cutcherry building in Chickpetta in which the City Central Police Station the District Police Office and the Sub Registrar's office are now located is in an absolutely dangerous condition, and if immediate repairs are not undertaken there is every probability of the building collapsing in the next heavy rains. The building being situated in a very busy part of the bazaar is surrounded on all sides by houses, and is in more ways than one unsuited for a Police Station and Public Offices. The cost of putting the building into thorough order would be prohibitive and the money thus spent would in my opinion be absolutely

thrown

thrown away.

In these days when plague makes its appearance almost every year, it is necessary that Government offices should be located in open healthy sites. Chickpetta in which the building is situated is infected with plague almost every year with the consequence that the lives of those whose misfortune it is to have to work in such a locality, are endangered.

Under these circumstances I would suggest that the present building may be disposed of by public sale or otherwise, and the amount so realized utilized for constructing a suitable building in a convenient locality. From enquiries made, I am given to understand that in its present condition, the old Taluk Cutcherry building is likely to fetch ₹15000/- and this amount with perhaps some additional expenditure will meet the cost of building a handsome new Police Head Quarter Station and Superintendent's Office which will be an ornament to the City.

As regards the locality for the new building I would suggest that the open ground in front of the Special Reserve Police Lines in the Fort, as most convenient; as it is in a central position taking into consideration the new extensions in Chamarajpet and Basavanagudi.

I beg that you will be so good as to move Government to request the Chief Engineer to take early action in the matter should my proposal meet with the approval of Government.

Sir,

With reference to your letter No: J.2044/Police 100-2 dated 24th January 1906, enquiring if formal Government sanction has been obtained for the construction of a new building for the Central Police Station at Bangalore, I have the honor to reply in the negative. As Government are aware the old Taluk Cutchery building situated in the Chickpetta, Bangalore City, was sold under Government Order No: J.1030-5/Police 129-8 dated 11th October 1905 the sale realizing ₹30,000/-. This naturally necessitated new buildings being provided for a Central Station for the City and a District Superintendent's Offices which had been located in the old building.

The most convenient site for the erection of a building to accommodate both these offices, being the one opposite to the Police Station in the Fort, and the Dewan having also approved of this site, I requested the Deputy Commissioner to take needful action to acquire it.

The amount required for constructing the new buildings

In reply to your letter No.J.349/Police 22-06-2 of the 6th instant, enquiring whether provision has been made in the current year's P.W.Budget to meet the cost of constructing a building for the Central Police Station and the Office of the Police Superintendent in the Bangalore Fort, I have the honor to inform you that there is a provision of only Rs.5,000/- for the work in the current year's budget, but a sum of Rs.5,970/- is reported to be required for payment of compensation for the site acquired. It is probable that building itself would cost Rs.15000 and if the site is acquired this year, we shall have to wait to start the building till next year, unless Government is prepared to sanction an additional grant for the construction of the building. This matter is pending orders with the Dewan.

This sum as he points out is only sufficient to meet the expense of acquiring the proposed site in the Fort. He states further that the probable cost of the building itself will be ₹15,000/-.

2. I trust that Government will see their way to allot the additional sum required for the erection of the building, this year; considering that ₹30,000/- was realized exactly a year ago, by the sale of the old Police Station in Chickpetta; which sale was brought about on my initiative, and with the distinct understanding that the amount realised should go towards the expense of building a new station in the Fort.

His Highness the Maharaja of Mysore,

Sir,

With reference to your letter No: J.893/Police 22-06-7 dated 15th October 1906, I have the honor to explain that the remark in para 3 of my former letter, that a sum of ₹40,600/- has been cut out of the Police Budget by the Comptroller this year, is supported by the Police Budget, wherein it will be seen that the Comptroller has distinctly used the word 'deduct' against the words "Probable savings", under all heads. These probable savings when added to-gether come to the same total which I have named viz., ₹40,600/-.

2. It will be seen from former Police Budgets, prior to 1905-06, that no such deductions were made; any emergent or important extra expenditure being no doubt met, from the savings anticipated (but not deducted) by the Comptroller.

3. Now the Comptroller, having cut down the Police Budget to starvation rates, deducts what little savings there are likely to be; thus rendering it impossible for the Department to meet emergent calls.

4.

4. The Budget estimate under head "Police" for 1903-04 was ₹10,44,000/- for 1904-05 ₹10,31,000/-. The present budget estimate for 1906-07 is ₹10,02,000/- having deducted ₹40,600/- as probable savings.

The only reappropriation I can therefore suggest, is a reappropriation out of these savings in the Police Budget, and I would ask Government to be kind enough to allot out of these a sum of at least ₹10,000/-, so that the important work of starting the building of the Central Station may be put in hand this year.

5. I would again point out that a sum of ₹30,000/- was realized on my initiative by the sale of the old Central Police Station buildings. I should certainly not have pushed on this sale, and thus placed myself in the difficulty and great inconvenience of providing temporary location for the Central Police Station, in what ought to be the Chief Inspector's and Chief Constables' quarters, if I had anticipated for a moment that the whole of the proceeds of the sale would have been appropriated by the Comptroller, only ₹5000-0-0 being replaced at my disposal for acquiring the new site, thus delaying the construction of a new station for 2 years.

6. The sale proceeds of the old building viz., ₹30,000/- has I presume been placed at the credit of "General Revenues" and if the reappropriation of ₹10,000/- I now ask for, cannot under present rules be made from Police savings, I would ask that it may be met from "General Revenues".

A copy of this letter has been sent to the Comptroller as directed by you in your letter under reference.
